Code of conduct

Quest Way

Quest & Exploration

We are excited and curious, unafraid of failure, and continue to challenge exploration with perseverance.

Technology focused

We are committed to technology and quality and practice innovation and improvement as an IT professional group.

Cultivation of Human resources

We foster a culture and a place of self-realization where we can investigate and grow autonomously and make the most of our abilities.

Customer-focused

We always promise "sincere service" that exceed expectations.

Social contribution

We will strive to improve corporate value, create new value through technology, and solve social issues.

Corporate ethics and compliance with laws

We make following corporate ethics and compliance with laws and regulations our top priority, and carry out fair and transparent management.

Steadiness & sincerity

We continually earn the trust of customers, partner firms, employees, shareholders and other stakeholders by being steady and sincere.

Diversity & Communication

We always respect diverse values, listen carefully to people's opinions, and communicate honestly and respectfully.

Teamwork

We value our colleagues and work together as a team to pursue our vision.

Speedy decision making

We will make prompt decisions and take action based on the current of the times.
